RULES

Award recipients will be high school graduates who are enrolled or are scheduled to enroll in a two or four year college or university within the United States. Recipients may be or may have been girls' or women's fastpitch softball players, or are/were in some way associated with the sport of girls' or women's fastpitch softball. The awards will be paid directly to the institutions they attend or will attend, to be credited toward the cost of their education. No awards will be granted to recipients if the receipt of such award is not legally allowed in conjunction with any other forms of financial aid the recipient may be entitled to receive.

Potential recipients may apply directly for these awards, or they may be nominated for an award by a third party. Candidates and nominees will have their applications evaluated by a panel of judges who will determine award recipients on a subjective set of criteria that may or may not take into account such items as financial need, results of personal interviews with candidates or nominees or their references, or other criteria as the panel should see fit to establish. In addition, certain awards, such as those listed above, may require that specific criteria be satisfied by the candidates or nominees in order to qualify for a particular award. The Committee for the Southern California International Softball Festival reserves the right to establish and/or change award qualification criteria at any time.

The amount of each award will be determined at the conclusion of the 2015 Champions Cup and after all financial obligations incurred in the operation of the 2015 Champions Cup have been settled. The amount of each award to be funded, as well as the details and deadlines regarding the nomination or application process, will be available for viewing on the Champions Cup website, located at www.ChampionsCup.org. Award recipients will be notified of their award prior to December 31, 2015, if possible. The awarding and funding of any grant through this program is entirely dependent upon the generation of net proceeds as a result of the operations of the Champions Cup. There can be no guarantee that any award will be made.
